

Credit Union and Financial Education

The Credit Union offers Educational and Training Programmes to help develop its members.

Training Programmes are also offered by the Barbados Co-operative and Credit Union League Limited for all Credit Union members.

Opportunities are also provided for the inter-action of our members with other Credit Union members at various Local, Regional and International Conferences.

Attendance at these Training Programmes can prepare the members for Leadership Roles in the Credit Union and other Organizations.

Members are taught how to conduct meetings and how to deal with various situations and topics that could impact on their lives.

Presentation on Insurance held at the BTCCUL for the Educational Meeting held on Saturday, September 19, 2015.

Presentation to BTCCUL By Mr. Anton Lovell
